

CONNECTIONS Technical Bulletin

New Build: Inactive CINs in Activities Scheduled for Implementation Friday, September 8

The next build to the CONNECTIONS application will occur during the normal morning maintenance window on Friday, September 8th, and will incorporate a new Inactive CINs window in the Activities Module.

When viewing a child's Activities within the Activities Module, if the selected child has an inactive CIN with Activities, likely from a CIN consolidation, the "Inactive CINs" link will enable on the left navigation pane, under options. The link opens a read-only window which lists all prior CINs and corresponding Activities for the child.

This enhancement will allow a more comprehensive view of a child's history within the CONNECTIONS Activities Module.

September 8-22, 2017

Weekly System Maintenance

Due to regularly scheduled maintenance, the CONNECTIONS application will be unavailable on:

- **Friday, September 8, from 4 a.m. to 7 a.m.**
